

Q) To see which record type is used?

A) Set record type field on page layout

Q) How to prevent other users to see all record type?

Ans) define the access of record type in permission set, other wise it will take by default that is defined to profile.

```
AND(ISPICKVAL( Case_origin__c , 'Portal'), ISCHANGED(Interface_Name__c),  
ISBLANK(TEXT(Interface_Name__c) ))
```

```
AND(TEXT(Case_origin__c ) = 'Portal',  
ISBLANK(TEXT(Interface_Name__c) ))
```

```
AND( NOT( TEXT(Case_origin__c ) = 'Portal'),  
ISCHANGED( Interface_Name__c ),  
ISBLANK(TEXT(Interface_Name__c) ))
```
